There's something for everyone – new or experienced leaders who want to learn new skills and enrich their union work by meeting with women from a wide range of unions and professions.

Women from unions across the western U.S. and Canada will meet to share ideas, strategies, information and build solidarity. This leadership development institute, specifically for women in their unions, is always energizing, educational and fun.

Look over the Institute brochure at <http://www.uhpa.org/newsitems/announcement-of-available-uhpa-scholarship-to-attend-the-2013-summer-institute-for-union-women/view> and if you're interested in the content, you'll enjoy the Institute.

Over 35 UHPA women have attended past Institutes and enthusiastically recommend it.
